

IMPERIALISM FLOW CHART

**European countries (starting with Britain)
and the US become INDUSTRIALIZED**

**HAND MADE (COTTAGE INDUSTRY) to MACHINE
MADE in FACTORIES**

INDUSTRIAL REVOLUTION

INDUSTRIALIZED COUNTRIES NEED 2 THINGS:

- **NEW MARKETS (COUNTRIES) TO SELL GOODS**
- **SOURCE of RAW MATERIALS TO MAKE GOODS**

INDUSTRIALIZED COUNTRIES GO TO AFRICA, INDIA, INDOCHINA and take them over for RAW MATERIALS and NEW MARKETS (TRADE) AND THEY WANT TO BECOME POWERFUL BY MAKING EMPIRES BIGGER (EX. GREAT BRITAIN) THIS IS CALLED NATIONALISM

COUNTRIES GO TO ASIA FOR NEW MARKETS (TRADE) and RAW MATERIALS

- **EXAMPLES:**
- **EUROPEANS ALREADY HAD ESTABLISHED ENCLAVES FOR TRADE**
- **THE US “OPENS DOOR” with CHINA**
- **THE US OPENS TRADE WITH JAPAN BECAUSE OF COMMODORE PERRY**

OTHER EXAMPLES:

**** BECAUSE JAPAN WAS TRADING WITH THE US FOR STEEL-IT BECAME INDUSTRIALIZED AND DEFEATED RUSSIA in the RUSSO-JAPANESE WAR (BOTH RUSSIAN AND JAPAN WANTED KOREA AND MANCHURIA)**

**COUNTRIES WHO HAVE BEEN TAKEN OVER BY
EUROPEAN COUNTRIES EXPERIENCE
NATIONALISM ALSO
THEY DO NOT WANT TO BE CONTROLLED BY
EUROPEAN POWERS**

**SO INDEPENDENCE MOVEMENTS HAPPEN IN
THOSE COUNTRIES:**

**EXAMPLES:
INDIA AND IN AFRICA**
